

PHOTOGRAPHIC PORTFOLIO

Due on June 22, 2018

Worth 15% of your mark

Your last assignment is to create a photographic portfolio of all the different types of photography that you have worked on this semester. Portfolios represent a learning history and focus on students' reflections on their own work. They are records of learning, growth, and change and provide meaningful documentation of students' abilities. Portfolios also provide information to students, parents, teachers, possible employers about what students have learned or are able to do.

You are to create a book using the Bookwright software that can be obtained from me or blurb.ca. This Portfolio book will organize and represent your best pictures from this semester. This project is due on June 22nd 2017. The size of your book will be the standard landscape 10 x 8.

You will include the following:

- A creative, well designed cover, including your favourite image that you took all year.
- A Table of Contents
- An "About the Creator" page, similar to about the author that lists information about you, why you're interested in photography, future aspirations and a portrait of you taken with three point lighting.
- A DPS of at least 3 shots with various Aperture settings, with one being new. Write a short paragraph about Aperture settings and how changing it effects photography.

- A DPS of at least 3 shots with various Shutter Speed settings, with one being new. Write a short paragraph about Shutter Speed settings and how changing it effects photography.
- A DPS of at least 3 Bokeh shots, with one being new. Write a short paragraph about Bokeh, the 2 kinds, and how you achieve it.
- A DPS of at least 3 HDR shots, with one being new. Write a short paragraph about HDR, What it is and how you create it?
- A DPS of at least 3 Macro shots. Write a short paragraph about Macro, What it is and how it effects images?
- A DPS of at least 2, 360 Polar Panoramic shots, with one being new. Write a short paragraph explaining the process of creating a Polar Panoramic shot.
- A DPS of at least 2 Words with Pictures (you will have to take new photos to create a new word
- A page showing your 3 tilt shift tutorials. Write a short paragraph explaining what tilt shift is and how you created it.

For each image please create a title and list Aperture, ISO, Sutter speed setting in the caption of the photo. (very small 8 pt)

A DPS showing your favourite picture. White a short paragraph explaining why it is your favourite.
