

Chroma Key Assignment

Chroma keying is a technique for mixing two images or videos together in which a colour (or a small color range) from one image is removed (or made transparent), revealing another image behind it. This technique is also referred to as colour keying, colour-separation overlay, greenscreen, and bluescreen.

Your task is to team up with a team and create a short 30-60 second chroma keyed video. Using the video supplied/and your own video. The video will show at least 2 uses of chroma key from each supplied file.

The video must:

- Include a detailed, complete shot list before shooting.
- Have multiple camera angles, steady camera work and an interesting premise
- Look natural and/or realistic, no halos no image cut in.
- Have appropriate audio and audio effects that enhance your video.
- Have a title and credits

	Level 4 Demonstrated a very high understanding of concepts completing all expectations	Level 3 Demonstrated a high understanding of concepts and met expectations	Level 2 Demonstrated considerable understanding of concepts, nearing expectations	Level 1 Demonstrated limited understanding of concepts and ideas	Achievement Not Demonstrated
Have steady, multiple camera angles and an interesting premise	5	4	3	2.5	0
Chroma keyed scenes look professional and realistic	15	12	9	7.5	0
Story makes sense and is fluid	5	4	3	2.5	0
Appropriate audio with good levels including added voice overs or sound that enhances the production	5	4	3	2.5	0
Title and credits	5	4	3	2.5	0
